Rules and Guidelines

Rules and guidelines for submission phase

Nomination criteria

Rules and guidelines for voting phase

- The first five most voted projects are selected based on the appreciation/voting of projects by WSIS stakeholders representing WSIS online network. The stakeholders are invited to appreciate/vote for projects in all 18 categories.
- Only registered members of the WSIS Stocktaking Platform (STK) with requested complete information may vote for/appreciate a project. The information should contain organization details: name, type, country and user details: username and e-mail.
- Entities are not allowed to vote for/appreciate their own project.
- Votes/appreciations of all STK members are weighted equally.
- Each STK member may only vote for/appreciate one project in each category.
- Voters are encourage but not required to cast votes for one project in each of categories.
- Focal points of the submitted projects will be notified of the voting results progression at the end of each voting week.
- WSIS Stocktaking reserves the right to use the entity (organization) details submitted by stakeholders.
Voting Form

AL CI. The role of governments and all stakeholders in the promotion of ICTs for development

Category 1 — AL CI. The role of governments and all stakeholders in the promotion of ICTs for development (20 Projects)

Smart Awareness, Learning and Services
According to His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE, "Our goal is to be one of the best countries in the world, which can only be achieved only by family cohesion. The Emirati family is the foundation."

Advanced Repair and Industrial Skill Enhancement
The ARISE programme has already transformed the lives of 500 Girls, who have achieved sustainable employment as technicians after getting short-term skill training on various electronic and home appliance products. The programme is being organised in partnership with...

My Digital Maker
Malaysia Digital Economy Corporation (MDEC) is an agency under Ministry of Communications and Multimedia Malaysia. Since its establishment in 1998, MDEC has driven significant digital transformation and adoption across the public and private sectors in Malaysia. MDEC is the first national organisation in Malaysia to...
